

Do This...Not That

Indicators That Your MSP Hiring Process Needs Maintenance

DO THIS

- ✓ Pay attention to the **Indicators** below to determine if your hiring process needs maintenance (or an upgrade).

NOT THAT

Indicators:

- \$ Employee absenteeism is up.
- \$ Customer satisfaction measures are down.
- \$ Managers spend too much time dealing with poor employee performance.
- \$ Managers can't implement new initiatives because employees drag their feet.
- \$ Employee recruiting efforts don't yield as many top candidates as they used to.
